Community Placement Plan 2015-16 Projects
Development-Overview October 2016

Overview

- What is the Community Placement Plan
- Providers selected for 2015-16 Projects
- 1516 Housing Plan

What is CPP?

- The Community Placement Plan (CPP) ensures that individuals with developmental disabilities live in the least restrictive setting, to meet their needs.

CPP is designed to....

- Assist RCs to provide the necessary services and supports for individuals to transition from locked facilities to community settings.

The GOAL for CPP is.....

- To enhance the capacity of the community service delivery system and to reduce reliance on locked facilities.

How is this done?

- Yearly each of the 21 Regional Centers submits a plan to DDS detailing how they will assist clients to live in the least restrictive setting possible in the community.
