

Sonoma County Regional Parks

Presents:

Autism Safety Education Training for First Responders

An important educational opportunity for Police, Fire, EMS and Public Safety Agencies of Sonoma County to better understand the unique challenges of interacting with persons on the Autism Spectrum and help to ensure safe outcomes in emergency situations. All law enforcement, EMS, Fire and Public Safety welcome to attend.

Training will be held March 31, 2016
Finley Community Center — Persons Auditorium,
2060 W. College Ave. Santa Rosa, CA, 95401
8-11AM General Training
11AM-12PM Train the Trainer Opportunity

Space is limited, pre-registration is required.

To register contact Sonoma County Park Ranger Beth Wyatt: Beth.Wyatt@sonoma-county.org

Presenter:

Matt Brown of Autism Safety Education Training

www.aset911.com

25-year Veteran of Law Enforcement

and a Parent of a child on the Autism Spectrum

During the past ten years Matt Brown has trained over 5,000 police officers, firefighters and other first responders, as well as educators and other community members, on the important aspects of **preventing, recognizing and responding** to crisis situations involving persons on the autism spectrum.

His combination of experience as both a seasoned officer and a proud father provides him with the credibility needed to tackle this challenging issue of recognizing individuals with autism
