

North Bay Regional Center

REQUEST FOR PROPOSALS Community Placement Plan Fiscal Year 2016-2017

North Bay Regional Center (NBRC) is a community-based, private non-profit corporation that is funded by the State of California to serve people with developmental disabilities as required by the Lanterman Developmental Disabilities Act. North Bay Regional Center is one of 21 Regional Centers throughout California serving individuals and their families who reside within Napa, Solano, and Sonoma Counties. NBRC receives funds from the Department of Developmental Services to develop a Community Placement Plan (CPP). The goal of the FY 2016-2017 CPP is to enhance services in the community to support individuals who either want to move from a state developmental center, locked mental health facility, or out-of-state residence into their home community or who are at risk for admission to an institutional setting. The philosophy of the CPP is consistent with the 1999 Olmstead decision that determined that the state shall eliminate unnecessary segregation of persons with disabilities and ensure that they receive services in the most integrated setting appropriate to their needs.

- **Additionally, per the announcement of the 2018 closure of the Sonoma Developmental Center, NBRC is focused on developing resources for the SDC residing individuals moving into the community. NBRC will make every effort to collaborate with SDC, DDS, and the Regional Project to ensure a smooth transition to support both the residents, families, and SDC staff.**

BE SURE TO REVIEW ALL DEAD LINE DATES—NO EXCEPTIONS WILL BE GRANTED!

EVALUATION OF PROPOSALS

Proposals will be evaluated and graded on a scoring system by a committee consisting of individuals who do not have a conflict of interest with the projects. The committee may include individuals supported by North Bay Regional Center (NBRC) and members of their family, NBRC staff and employees of the Regional Project at Sonoma Developmental Center.

The scoring of proposals will be based on the providers' ability to appropriately address:

1. The administrator and consultant's successful record of providing services for at least two years with the target population.
2. Organizational structure demonstrates the ability to closely develop and administer services within the local area.
3. Proposed service corresponds to the needs identified in the Request for Proposals and to the population to be served. Entry criteria are specified and demonstrate an awareness of the needs of the target population.
4. Skills to be taught to consumers are explicitly stated. Curriculum content and methods promote community integration and increased independence for consumers. A commitment to individualized programming is evident.
5. Programming/ teaching methods are clearly identified, clinically sound, and reflect consumer choice.
6. Timetable of objectives clearly identifies the steps involved in obtaining licensure, certification and vendorization, as needed. Objectives of the proposal are in sequence, measurable, time-limited, and achievable within one year of being awarded the project.
7.
 - ❖ Projected start-up budget is specific and realistic.
 - ❖ On-going operating costs are explicit and realistic.

Board members and employees of regional centers are prohibited from submitting proposals. Refer to Title 17 regulations, Section 54314 for a complete list of ineligible applicants.

Application Package(s) will only be accepted
