# PURCHASE OF SERVICES EXPENDITURE AND DEMOGRAPHIC DATA

---

**Fiscal Year 2021-2022**

# Introduction

---

Changes to the Lanterman Act require regional centers and the Department of Developmental Services to annually collaborate, and compile data related to purchase of service authorizations, utilization, and expenditures by identified demographic categories.

North Bay Regional Center has prepared this report to provide this data, and to post it on our website, in accordance with this section of the Lanterman Act (Welfare and Institutions Code, Sections 4519.5 and 4519.6).

4519.5. (a) The department and the regional centers shall annually collaborate to compile data in a uniform manner relating to purchase of service authorization, utilization, and expenditure by each regional center with respect to all of the following:

(1) The age of the consumer, categorized by the following:

(A) Birth to two years of age, inclusive.

(B) Three to 21 years of age, inclusive.

(C) Twenty-two years of age and older.

(2) Race or ethnicity of the consumer.

(3) Primary language spoken by the consumer, and other related details, as feasible.

(4) Disability detail, in accordance with the categories established by subdivision (a) of Section 4512, and, if applicable, a category specifying that the disability is unknown.

(5) Residence type, subcategorized by age, race or ethnicity, and primary language.

(6) Number of instances when the written copy of the individual program plan was provided at the request of the consumer and, when appropriate, his or her parents, legal guardian or conservator, or authorized representative, in a language other than a threshold language, as defined by paragraph (3) of subdivision (a) of Section 1810.410 of Title 9 of the California Code of Regulations, if that written copy was provided more than 60 days after the request.

(b) The data reported pursuant to subdivision (a) shall also include the number and percentage of individuals, categorized by age, race or ethnicity, and disability, and by residence type, as set forth in paragraph (5) of subdivision (a), who have been determined to be eligible for regional center services, but are not receiving purchase of service funds.

(c) By March 31, 2013, each regional center shall post the data described in this section that are specific to the regional center on its Internet Web site. Commencing on December 31, 2013, each regional center shall annually post these data by December 31. Each regional center shall maintain all previous years' data on its Internet Web site.

(d) By March 31, 2013, the department shall post the information described in this section on a statewide basis on its Internet Web site. Commencing December 31, 2013, the department shall annually post this information by December 31. The department shall maintain all previous years' data on its Internet Web site. The department shall also post notice of any regional center stakeholder meetings on its Internet Web site.

(e) Within three months of compiling the data with the department, and annually thereafter, each regional center shall meet with stakeholders in one or more public meetings regarding the data. The meeting or meetings shall be held separately from any meetings held pursuant to Section 4660. The regional center shall provide participants of these meetings with the data and any associated information related to improvements in the provision of developmental services to underserved communities and shall conduct a discussion of the data and the associated information in a manner that is culturally and linguistically appropriate for that community, including providing alternative communication services, as required by Sections 11135 to 11139.7, inclusive, of the Government Code and implementing regulations. Regional centers shall inform the department of the scheduling of those public meetings 30 days prior to the meeting. Notice of the meetings shall also be posted on the regional center's Internet Web site 30 days prior to the meeting and shall be sent to individual stakeholders and groups representing underserved communities in a timely manner. Each regional center shall, in holding the meetings required by this

subdivision, consider the language needs of the community and shall schedule the meetings at times and locations designed to result in a high turnout by the public and underserved communities.

(f) (1) Each regional center shall annually report to the department regarding its implementation of the requirements of this section. The report shall include, but shall not be limited to, all of the following:

(A) Actions the regional center took to improve public attendance and participation at stakeholder meetings, including, but not limited to, attendance and participation by underserved communities.

(B) Copies of minutes from the meeting and attendee comments.

(C) Whether the data described in this section indicate a need to reduce disparities in the purchase of services among consumers in the regional center's catchment area. If the data do indicate that need, the regional center's recommendations and plan to promote equity, and reduce disparities, in the purchase of services.

(2) Each regional center and the department shall annually post the reports required by paragraph (1) on its Internet Web site by August 31.

(g) (1) The department shall consult with stakeholders, including consumers and families that reflect the ethnic and language diversity of regional center consumers, regional centers, advocates, providers, the protection and advocacy agency described in Section 4901, and those entities designated as University Centers for Excellence in Developmental Disabilities Education, Research, and Service pursuant to Section 15061 of Title 42 of the United States Code, to achieve the following objectives:

(A) Review the data compiled pursuant to subdivision (a).

(B) Identify barriers to equitable access to services and supports among consumers and develop recommendations to help reduce disparities in purchase of service expenditures.

(C) Encourage the development and expansion of culturally appropriate services, service delivery, and service coordination.

(D) Identify best practices to reduce disparity and promote equity.

(2) The department shall report the status of its efforts to satisfy the requirements of paragraph (1) during the 2016–17 legislative budget subcommittee hearing process.

(h) (1) Subject to available funding, the department shall allocate funding to regional centers or community-based organizations with department oversight to assist with implementation of the recommendations and plans developed pursuant to subdivisions (f) and (g). Activities funded through these allocations may include, but are not limited to, pay differentials supporting direct care bilingual staff of community-based service providers, parent or caregiver education programs, cultural competency training for regional center staff, outreach to underserved populations, or additional culturally appropriate service types or service delivery models.

(2) Each regional center shall consult with stakeholders regarding activities that may be effective in addressing disparities in the receipt of regional center services and the regional center's proposed requests for the funding specified in paragraph (1). Each regional center shall identify the stakeholders it consulted with and include information on how it incorporated the input of stakeholders into its requests.

(3) A community-based organization may submit a request for grant funding pursuant to this subdivision. The organization shall submit the request concurrently to the regional center of the jurisdiction in which the organization is located and to the department. The regional center shall provide the department with input regarding the request prior to the department's final determination on the request.

(4) The department shall review requests for funding within 45 days from the deadline specified in the department's guidance to regional centers and community-based organizations.

(5) Each regional center and community-based organization receiving funding shall report annually to the department, in a manner determined by the department, on how the funding allocations were used and shall include recommendations of priorities for activities that may be effective in addressing disparities, based on the consultation with stakeholders.

(6) The department shall post the following information on its Internet Web site:

(A) By September 1 of any year in which grant funding is available and has not been allocated, a structure for the grant program, including all of the following information:

(i) How community-based organizations reflecting groups that are disadvantaged by disparities in the purchase of services will be invited to participate in the grant program.

(ii) How statewide strategies were considered.

(iii) How the department will ensure grant funds are not used for activities that regional centers are otherwise required by statute or regulation to conduct.

(iv) How funded activities will be evaluated.

(B) By October 1 of any year in which grant funding is available and has not been allocated, the final invitation for requests for funding or another mechanism through which requests for funding are solicited.

(C) By January 1 of any year in which grant funding has been allocated, a list of grant recipients, funding level per grant, and a description of the funded project.

(D) By May 1 of any year in which the information is available, evaluation results from prior grants. To ensure the department complies with this subparagraph, regional centers and community-based organizations receiving funding shall provide the department, by March 1 of the same year, with an evaluation of funded activities and the effectiveness of those activities in reducing disparities in the purchase of services, to the extent information is available.

**(Amended by Stats. 2017, Ch. 18, Sec. 9. (AB 107) Effective June 27, 2017.)**

4519.6. The department and the regional centers shall annually collaborate to determine the most appropriate methods to collect and compile meaningful data in a uniform manner, as specified in Section 4519.5, related to the payment of copayments, coinsurance, and deductibles by each regional center.

**(Amended by Stats. 2014, Ch. 30, Sec. 14. (SB 856) Effective June 20, 2014.)**

Included in the beginning of this report is a summary of limitations related to this data. We encourage you to review this introductory summary, before reviewing the data.

The report is organized in the following sections:

- Total Annual Expenditures and Authorized Services
- Consumers with No Purchase of Services
- Total Annual Insurance-Related Expenditures
- Total Annual Expenditures by Ethnicity and Residence Type
- Total Annual Expenditures by Language and Residence Type
- Total Annual Expenditures for Consumers Living at Home or Out of Home By Ethnicity

North Bay Regional Center will be holding a public meeting in the near future, to present this data. Please watch our website, where we will be posting the announcement of this meeting, at [www.nbrc.net](http://www.nbrc.net).

## **REGIONAL CENTER PURCHASE OF SERVICES (POS) DATA LIMITATIONS OF POS EXPENDITURE DATA**

### **1. Purchase of Service Costs**

The Purchase of Service (POS) data displayed represents the cost of services that the regional center authorized and that Consumers received that are paid for by the regional center. This POS expenditure data does not include the cost of services Consumers receive that are paid for by Supplemental Security Income, Medi-Cal, the school system, and other generic agencies. The POS expenditure data represents expenditures the regional center made for services Consumers received during Fiscal Year (FY) 2021-2022 based on regional center POS state claim data that was provided to DDS as of December, 2021. The regional center may still make payments for services provided to Consumers during FY 2021-2022 up until June 2024.

### **2. Consumer Count**

The total number of Consumers who received services during the fiscal year will be greater than the regional center's actual caseload. A Consumer is included in the data if the Consumer received a regional center funded service at any time during the fiscal year. A Consumer who received a single service once during the year is counted the same as a Consumer who received ongoing monthly services. The Consumer is also counted regardless of their current status with the regional center. The data may include Consumers whose current status is closed, transferred-out, inactive, etc. if the Consumer received regional center services during FY 2021-2022.

### **3. Contract Purchase of Service Expenditures**

Due to the limitations of the regional center uniform fiscal system (UFS), POS expenditure data may not include payments made by the regional center that are paid to a service provider under a "contract". Currently, UFS is unable to allocate expenditures paid to a service provider under a "contract" to Consumers utilizing the "contract" service. Therefore, POS expenditures paid under a "contract" are excluded from the POS data. Typical services paid to a service provider under a "contract" may include, but are not limited to, supported employment program (SEP) group services and specialized health and training services. Therefore, the total amount of POS expenditures reported will not reconcile with the regional center's actual POS expenditures for FY 2021-2022.

### **4. Authorized Services**

Services that are authorized "encumber" the funds needed to pay for those services. The regional center's computer system (UFS) gives the regional center options regarding the "maintenance" of its encumbrances. When encumbrances are routinely adjusted for non-utilization, there will be a higher utilization percentage. When

encumbrances are not routinely adjusted for non-utilizations, there will be a lower utilization rate.

## **5. Consumers with Multiple Diagnoses**

There are many consumers who have more than one diagnosis. In the summary reports for Purchase of Service Expenditures by Diagnosis and Consumers with No Purchase of Service by Diagnosis these Consumers will be counted in every category for which they have a diagnosis. As an example, a Consumer with a diagnosis of both autism and epilepsy will be counted in both the “Autism” and “Epilepsy” categories. Therefore, the sum of the Consumers reported in all the categories will be more than the total number of Consumers served by the regional center.

## **6. Category 5 Consumers**

Consumers listed in Category 5, according to Welfare and Institutions Code section 4512, are individuals who have “disabling conditions found to be closely related to intellectual disability or to require treatment similar to that required for individuals with an intellectual disability, but shall not include other handicapping conditions that are solely physical in nature.”

## **7. Ethnicity/Race Categories**

Ethnicity or race categories in this report are those used by the United States Census Bureau as follows:

**American Indian or Alaska Native:** A person having origins in any of the original peoples of North and South America (including Central America), and who maintains tribal affiliation or community attachment.

**Asian:** A person having origins in any of the original peoples of the Far East, Southeast Asia, or the Indian subcontinent including, for example, Cambodia, China, India, Japan, Korea, Malaysia, Pakistan, the Philippine Islands, Thailand, and Vietnam.

**Black or African American:** A person having origins in any of the black racial groups of Africa.

**Hispanic or Latino:** A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.

**Native Hawaiian or Other Pacific Islander:** A person having origins in any of the original peoples of Hawaii, Guam, Samoa, or other Pacific Islands.

**White:** A person having origins in any of the original peoples of Europe, the Middle East, or North Africa.

**Other** – Includes all other responses not included in the "White", "Black or African American", "American Indian and Alaska Native", "Asian" and "Native Hawaiian and Other Pacific Islander" race categories described above and includes those who fall in multiple categories.

#### **8. COVID-19 State of Emergency**

Changes in service delivery and billing in response to the COVID-19 pandemic may have affected individuals and communities differently. Care should be taken in comparing Fiscal Year 2021-22 data to data for previous years. In response to the pandemic and varied individual needs and circumstances, billing for some services changed to a monthly rate instead of hourly rates. As a result, this may have reduced differences among individuals in service authorizations, expenditures, and utilization.

Individuals with multiple diagnoses are reported multiple times in the "Total Annual Expenditures and Authorized Report by Diagnosis - Legislative" report in order to capture information regarding expenditures made by the type of diagnosis. Therefore the total number of consumers, total actual annual expenditures, and total annual authorized amounts will not reconcile with the regional center's actual consumer caseload, the regional center's actual annual expenditures, or the regional center's authorized annual amounts. Additionally, the expenditure data reported may not include payments made by the regional center to a service provider under a Contract. Typical services paid to a service provider under a Contract include, but are not limited to, Transportation Services, Transportation Assistant Services, and Supported Employment Program (SEP) Group Services.

Individuals with multiple diagnoses are reported multiple times in the "Total Annual Expenditures and Authorized Report by Diagnosis - Legislative" report in order to capture information regarding expenditures made by the type of diagnosis. Therefore the total number of consumers, total actual annual expenditures, and total annual authorized amounts will not reconcile with the regional center's actual consumer caseload, the regional center's actual annual expenditures, or the regional center's authorized annual amounts. Additionally, the expenditure data reported may not include payments made by the regional center to a service provider under a Contract. Typical services paid to a service provider under a Contract include, but are not limited to, Transportation Services, Transportation Assistant Services, and Supported Employment Program (SEP) Group Services.
