

North Bay
Regional Center
2019-20 Disparity Project Proposal
Public Meeting Comment Form

What is a Disparity Project?

The Disparity Funds Program supports projects that aim to increase equity in service access. Proposals must link to an identified issue or barrier in the local community or statewide, which has been identified through POS data, stakeholder feedback, and/or RC plans and recommendations to promote equity and reduce disparities.

How can you help?

1. Review the community feedback and action plan and other Disparity reports. These can be found at www.nbrc.net. Then think about the individual areas and are they capturing what you think is important?
2. Attend our Public Meetings to hear the presentation and offer feedback.
3. If you are unable to attend, submit written feedback.

If you are unable to attend the meeting, do not let that stop you from offering your opinion. Please complete the form below.
