#### **GENERAL PUBLIC COMMENT -**

Bill Arnone, Community Member, commented the following via chat.

- I was recently informed that NBRC has a "Board Policy" to fill empty beds in 4 bed facilities before filling empty beds in 6 bed facilities. My questions are (1) where is this policy set forth in writing, and (2) since grandfathered six bed homes are permitted and legally compliant, how can NBRC justify discriminating against, and causing financial harm to, 6 bed homes?
- As the brother of a 45-year resident of one of the few remaining 6 bed homes remaining in the north bay region, I am dismayed that a program which has focused on person centered care for decades, is being harmed by this board policy.

Courtney Singleton, Director of Community Services, will follow up with Bill Arnone.

**Proposed Board Candidate: Cheryl Snavely** 

**County: Sonoma** 

Cheryl Snavely is a dedicated advocate and community leader with a strong background in education, healthcare, and family support services. Her passion for advocacy stems from both personal and professional experiences, making her a powerful voice for individuals with developmental disabilities and their families.

Cheryl's dedication to disability advocacy began early, influenced by family experiences, including her grandfather's disability, use of a wheelchair and need for ADA Accommodations and a close family friend with cerebral palsy. This commitment deepened as she navigated the complex special education and healthcare systems for her son, Malakai, who was diagnosed with Autism and speech and language delay at two and a half years old. Over the past five years, she has worked tirelessly to ensure he receives the services and support he needs while helping other families do the same. **Proposed Board Candidate: Alan Kerzin** 

**County: Sonoma** 

Alan Kerzin has a long and distinguished career in disability rights and advocacy, providing direct representation to families in the North Bay for over 30 years. He has helped countless families and individuals with disabilities obtain necessary services and supports needed from Special Education, and or the Regional Center. Most importantly, Alan has a strong track record of working effectively with local school districts and the regional center resolving disputes through effective communication and listening. His strong advocacy skills and in-depth knowledge of special education law has consistently led to positive outcomes for children and families. His current work focuses on Special Education Advocacy (Alan's Advocacy Works), to ensure that all clients receive the advice, support and information they need to successfully navigate special education and regional center laws and regulations.

Throughout his career, Alan has worked in various leadership capacities at the Area 4 Board/State Council Office, the State Council on Developmental Disabilities in Sacramento, Mental Health Advocacy in Los Angeles, the Children's Network of Solano County, and the Disability Law Center in Boston. In addition, he has advocated for and given voice to vulnerable populations, including children, youth, and adults with disabilities, foster youth, and low-income families. Alan's work also includes facilitating inter-agency working groups focused on disability policy initiatives at the local, state, and federal levels.

In addition to assisting and representing families, Alan has trained parents to develop the confidence they need to make a difference in the lives of their own children and in their communities. He understands how crucial it is to make special education and regional center laws and regulations accessible, so parents feel confident and empowered to interface with school and regional center personnel and legislators in order to influence public policy.

When not working, Alan enjoys watching UCLA basketball, walking, listening to music, traveling and spending time with his wife and kids and grandsons. He also continues to work on social justice issues and currently serves on local and national boards.

The Nominating Committee recommends Alan Kerzin to the NBRC Board of Directors for a one-year term starting March 2025.
